

**SAVANNA SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**CHRIS BROWN**

**OCCUPATION:** Governing Board Member, Savanna School District

During my 16 years as a member of the Savanna School Board, our district has continued to excel. The district has remained fiscally sound and student achievement has improved.

As a Board member, I have fought to keep the D.A.R.E. Program and other substance abuse prevention programs in our district. I have also supported day care programs to help our students and working parents.

I strongly support the continuation of class size reduction in our district. In addition, I support English proficiency programs and computer technology to give our students the skills they will need to be competitive in our society. I believe that our children must come first.

I am proud of my record of community service. I have lived in this district with my husband, Art, for 28 years. I am active on the Greater Anaheim Special Education Board, PTA, California Elected Women's Association for Education and Research, the California School Boards Association and a number of civic organizations.

I want to continue to work on behalf of the parents, students and taxpayers of this district. With your support we can continue to improve the quality of education for our children.
